

Ontario's health care system is evolving and, as part of Ontario Health, the North Simcoe Muskoka Local Health Integration Network (LHIN), in close partnership with Ontario Health Teams (OHTs), is on the forefront of helping to build a modern, technologically supported health care system. This will enable integrated teams of health care professionals to deliver the best possible care for improved patient outcomes.

By building high-performing integrated care delivery systems that provide seamless, fully coordinated care for patients, OHTs will help to achieve better outcomes for patients across the province. As an essential component of an integrated and sustainable health care system, this includes a strong and robust Home and Community Care sector.

More than ever, your skills and experience are required now and into the future, which is why we want you to join us in being part of the journey. We invite you to learn more about OHTs in our area by [clicking here](#). The future of health care in Ontario is now. Join Ontario Health's North Simcoe Muskoka LHIN team and together, we will build a healthier community for all.

Care Coordinator – Muskoka

The **Care Coordinator** in collaboration with the patient, physician, caregiver and/or family, develops treatment goals, service and discharge plans in a fiscally responsible manner through face-to-face assessments. In partnership with care partners, the Care Coordinator promotes awareness of the services of the LHIN and acts as an entry point to the community health care system. In the event of ineligible patients, the Care Coordinator also identifies/determines alternative sources of assistance.

Your qualifications and experience will include:

- Regulated health care professional (registered nurse, physiotherapist, occupational therapist or social worker) and a member in good standing with a regulatory body in Ontario is required.
- Experience working with diverse patient groups.
- Excellent interpersonal, communication, assessment and decision-making skills.
- Effective time management skills, with the ability to work independently and cooperatively in a busy multidisciplinary environment.
- Knowledge of health care delivery system and community resources.
- Ability to use a computer in a Windows environment in a remote environment.

- A valid driver's licence and access to a reliable vehicle as there is a requirement of travel. (Please review our [North Simcoe Muskoka geography](#) to ensure it is understood where our patients are being served).
- Ability to communicate in French or other languages an asset.

What We Can Offer

- \$35.34 per hour to a maximum of \$46.11 per hour, based on experience.
- Healthcare of Ontario Pension Plan (HOOPP).
- Varying work schedules.
- Various opportunities – Casual, Temporary Full-time.
- MAHC (both SMMH and HDMH sites).
- Work from home for Muskoka community caseloads.

To apply for this position, state ' CARE COORDINATOR - MUSKOKA' and the type of opportunity you are interested in (casual, TFT or both) in the subject line of your email and send with your résumé to nsm.careers@lhins.on.ca.

The LHIN is governed by the requirements of the *French Language Services Act* and therefore encourages applications from French speaking candidates.

The LHIN is committed to accommodating people with disabilities as part of our hiring process. If you have any special requirements during the recruitment process, please advise Human Resources.

As part of the mandatory screening process, the LHIN requires professional references, verification of academic training, professional accreditation, plus a current Criminal Records Check and Vulnerable Sector Screening.

We thank all applicants who take the time to apply; however, only those invited for an interview will be contacted.
