

Local Health Integration Networks (LHINs) play a key role in Ontario's health care system. Working in partnership with patients, families, providers and community organizations, LHINs ensure people have access to the health care they need — at home and in the community.

This is an important time for health care in Ontario as we move towards a better connected system that creates more seamless care for patients. **The North Simcoe Muskoka LHIN** is pivotal in this process. We are structurally now part of Ontario Health-Central Region, along with the Central West, Central, and Mississauga Halton LHINs. Entrusted with planning, funding, integrating and delivering health care across our region, together, we are finding better ways to provide high-quality services to the people who call our region home.

Care Coordinator

We have a full-time opportunity to join our North Simcoe sub-region team serving our patients in hospital, community and various office teams as a float.

As a Care Coordinator with the LHIN, you will assess patients for eligibility for home and community care services. Care Coordinators work collaboratively with patients, their families, and caregivers to coordinate appropriate services. Care Coordinators are also responsible for continually monitoring, supporting, managing, and evaluating care plans.

Your qualifications and experience will include:

- Registered Nurse (BScN) along with membership in good standing with the College of Nurses of Ontario.
- Clinical knowledge expertise in resource management, coordination.
- Experience with community health services and/or care coordination.
- Experience working with various health disciplines as well as the public and interagency contact.
- Understanding the long-term care and health care delivery system in the province of Ontario.
- Advanced assessment skills.
- Strong, inclusive communication skills (listening, speaking and writing).
- Team player with the ability to use each other's skills.
- Ability to use a computer in a Windows environment.
- Ability to learn the role in a virtual environment.

- Ability to travel and a valid driver's license/vehicle are required. (Applicants are asked to review our NSM LHIN geography to ensure it is understood where our patients are being served).
- Ability to communicate in French or other languages an asset.

What we can offer:

- As per the Ontario Nurses Association (ONA) Collective Agreement, the salary range is from \$35.34 per hour to a maximum of \$46.11 per hour, commensurate with experience
- Healthcare of Ontario Pension Plan (HOOPP)
- Currently Monday to Friday, 8:30 am to 4:30 pm.
- Excellent benefit options including four (4) weeks' vacation
- Currently working from home.

Our Barrie office remains closed due to COVID-19. Employees hired for roles that typically operate out of our Barrie office will work remotely from home until further notice. Community orientation will be virtual and hospital orientation will be onsite with safety precautions in place as per the Ministry of Health.

How to apply:

To apply for this position, state ' CARE COORDINATOR- _NS FLOAT ' in the subject line of your email and send with your résumé to nsm.careers@lhins.on.ca.

The LHIN is governed by the requirements of the *French Language Services Act* and therefore encourages applications from French speaking candidates.

The LHIN is committed to accommodating people with disabilities as part of our hiring process. If you have any special requirements during the recruitment process, please advise Human Resources.

As part of the mandatory screen process, the LHIN requires professional references, verification of academic training, professional accreditation, plus a current Criminal Records Check and Vulnerable Sector Screening.

We thank all applicants who take the time to apply; however, only those invited for an interview will be contacted.
